2016 Kindergarten enrolments

Enrolments are now being accepted for Kindergarten 2016. If you have a child or know of child who is eligible to commence school in 2016 then please make yourself known to the school. To be eligible for Kindergarten in 2016, the child must have turned 5 years of age before the 31st July, 2016. There is lot's to do in preparing a child and their family for Kindergarten so we do need to start the conversations and processes with the parent/carer as early as possible. At Moree East Public School we want the child's transition into their first formal year of school to be smooth and positive. Please take advantage of the schools Transition program which operates every Wednesday from 8.15 - 10.15am in our Early Childhood room. If you are interested in accessing this free service coordinated by Mrs. Jane Humphries please make contact with her in person or by calling the school on 67521733.

New school entry

A big thank you to the students and parents for adjusting so quickly to the new school entry in Balo Street due to the rebuilding of our school. To make the transition in and out of our school grounds safe for our students a designated parking area has been allocated for parents/carers only. This is located on the left hand side of the school gates (towards Adelaide Street), in front of the bus zone. These car spaces will be left vacant so that you, the parent/carer can park your car and allow your child(ren) to enter and exit the car safely.

All students who are waiting for parents/carers to pick them up in the afternoon up have a designated space inside the gate. The students will remain within the school gates until you have parked the car in the designated area.

Please do not stop on the road directly outside the gate or park on the other side of the road call for your child(ren) as this is very dangerous.

Let's work together to keep your children safe.

Muriel Kelly

Swim School

As part of our Intensive Swimming Program all students (K-6) will take part in daily lessons at Moree Aquatic Centre. In order to utilise our day best students will have 2 lessons per day.

When: 23rd – 27th November 2015

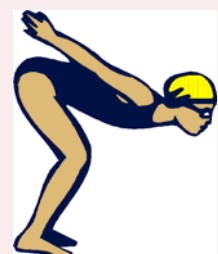

Where: Moree Aquatic Centre

Cost: \$20 (this includes pool entry and fun Friday activities)

How: Walking

Children will need a swimming costume, towel, rash shirt, hat, appropriate footwear, sunscreen and sports uniform. Googles are optional; however, students need to be familiar with adjusting and putting them on.

Students **will not** be allowed to purchase food from the pool shop and will need a packed lunch and water. School canteen will still operate.

'Transition to School'

Moree East Public School offers a 'Transition to School' program that operates from the Early Childhood Room.

The program will begin in Week 2 of Term 4. Every Wednesday morning from 8.15am til 10.15am parents/ carers are encouraged to bring along their children to participate in the program.

The 'Transition to School' program is run by experience teachers who offer quality play-based interactions. It is a great opportunity for children to build friendships and develop confidence in a school setting.

For more information regarding this program please contact the school office in person or by phoning 02 6752 1733. Alternatively text "transition" to 0418 480 842 request a call back service.

Moree East Public School Starting Kindergarten in 2016?

We invite you to include your child in our "Transition to School Program" starting in Term 4.

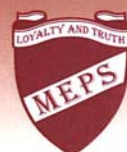

Your child will have the opportunity to become familiar with school, make friends,
meet their teachers and begin their educational journey.

Gaaymaalbah (Little One's Place) Transition to School Program
Please contact the school for more information

PH 6752 1733

(This is a free service run by experienced teachers.)

STEM YOUTH DEVELOPMENT CAMP

Last week Mrs Ryan, Mrs Henley and Aunty Paula took 9 Year 5 and 6 students to a Science and Technology, Engineering and Maths Camp at Dubbo.

We stayed at the caravan park for 3 nights and every day did lots of fun, hands on activities. The first day we made and launched our own rockets, we made a floating house, we did robotics on the computers, and looked at fire and how it burns.

The next day we drove to Parkes and checked out the "Dish" the biggest radio telescope in Australia. Then we came back to the University in Dubbo and checked out the sun with a special telescope.

Radford College Visit

**A HUGE thank you to
the Radford College
students and staff.**

Another successful visit.
