## EXECUTIVE PRINCIPAL'S MESSAGE

Yaama

The continual academic, social, emotional and cultural growth of Moree East Public School students always puts a smile on my face. I am so proud the achievements that individual student continue to strive towards. I am also very proud of the strengthened role parents are playing in supporting their child's education. It is this three way partnership between the student, teacher and parent is the key to student success.

All Year 3 and 5 students should have now received their NAPLAN results. If not then please contact the school. The information contained within the report is very detailed and should you require any assistance in understanding the report then please contact Mrs Ryan.

Let's continue to work together.

Muriel Kelly

Executive Principal

## OUT AND ABOUT AT MEPS

## OUT AND ABOUT AT MEPS

# Contact Details

I cannot stress how critical it is that parent contact details held by the school be current and accurate. Specifically a telephone number and current residential address is mandated so that the school can contact parents when necessary, in particular when there is an emergency.

It is important to note that the school has commenced sending a text to parent's mobile phone, if there child is absent from school. The system has been put in place to assist the school and parents to work together to monitor student attendance. However, this system will only work if the school has the correct mobile number of the parent, so I urge all parents to contact the school to update these details.

Moved address?  
New email address?  
Have a new mobile phone?

# Tell Them From Me

The Tell Them From Me survey is now open.

As previously notified in our school newsletter parents are a critical factor in the collation of information as your feedback is highly valuable and used to inform school planning.

If you would like to engage in the on-line survey contact the school and school support will be arranged to assist you in completing the survey.

Please don't miss out on this window of opportunity.
