2017 Kindergarten enrolments

Enrolments are now being accepted for Kindergarten 2017. If you have a child or know of child who is eligible to commence school in 2017 then please make yourself known to the school. To be eligible for Kindergarten in 2017, the child must have turned 5 years of age before the 31st July, 2017.

There is lots to do in preparing a child and their family for Kindergarten so we do need to start the conversations and processes with the parent/carer as early as possible. At Moree East Public School we want the child's transition into their first formal year of school to be smooth and positive. Please take advantage of the schools Transition to School 'Gaaymaalbah' (Little One's Place) program which will commence Wednesday 19 October and continue every Wednesday for 6 weeks. 'Gaaymaalbah' will be held in our Transition room from 9-11am.

If you are interested in accessing this free service, please contact Mrs. Jane Humphries and Mrs Treen Barwick by calling the school on 67521733.

'Transition to School'

Moree East Public School offers a 'Transition to School' program that operates from the Early Childhood Room.

The program will begin in Week 2 of Term 4. Every Wednesday morning from 8:15am til 10:15am. Parents/carers are encouraged to bring their children along to participate in the program.

The 'Transition to School' program is run by experience teachers who offer quality play-based interactions. It is a great opportunity for children to build friendships and develop confidence in a school setting.

For more information regarding this program please contact the school office in person or by phoning 02 6752 1733. Alternatively text "transition" to 0418 480 842 request a call back service.

Contact Details

MEPS cannot stress how critical it is that parent contact details held by the school are current and accurate. Specifically a telephone number and current residential address is mandated so that the school can contact parents when necessary, in particular when there is an emergency.

It is important to note that the school has commenced sending a text to parent's mobile phone, if there child is absent from school. The system has been put in place to assist the school and parents to work together to monitor student attendance. However, this system will only work if the school has the correct mobile number of the parent, so I urge all parents to contact the school to update these details.
